

Huntingdon Town manager Laurence Revell on their 2-0 loss against Mildenhall:

"Today we entertained Eastern Counties premier league side Mildenhall Town in the FA vase.

I'd been to watch them play in the week and to be honest I knew this would be a very difficult game. Mildenhall are still in the FA cup and remain unbeaten in the league.

We were without a couple, but I felt that our squad is good enough to deal with that.

The early exchanges were pretty even with both sides playing some good stuff. On 14 minutes a mistake in our back line allowed their striker to have an unopposed effort on goal which he converted clinically. We huffed and puffed for a bit but didn't really test their keeper. They scored a second when another mistake allowed their striker in, who finished well. For me we were very much still in it, when my striker was put through 1 on 1 with their keeper who brought him down outside the box. With no defenders close we all expected the red but the referee decided it was a yellow. Not sure how he reached this decision, not sure about quite a few of them to be honest.

Second half was again lively and well contested but despite being on top we couldn't make the breakthrough. Mildenhall looked like they had settled for 2-0 and didn't commit many forward second half. Their work done the game ended 0-2. Again big decisions by the officials. As a management team all we want is consistency in regards to fouls, bookings etc didn't get that today at all, makes a frustrating day even worse. Good luck to Mildenhall in the next round of the Vase and in their FA cup game Tuesday. Really good side who played some great stuff.

We now turn our attention back to league matters with Rushden and Higham here at the Jubilee Wednesday.

Take care, stay safe

Laurence
